COUPLES' CARAVAN

OVER £13,000

LUNAR LUNAR Clubman SI

The Clubman SI's large storage capability, as well as its practical kitchen and rich, gold-and-purple fabrics, all helped to mark it out as a clear winner in this section.

Single-axle, fixed bed, end washroom caravans are in great demand – and this one is refreshingly different because its bed is mounted across the caravan, with its head against the nearside wall. And there's

enough space to walk along the end of the bed to the washroom.

The SI impressed our judges for its high specification, including ATC stability control; and its cosy, luxury looks.

tech spec

Price: £18,795
Weight: 1340kg (MRO)
1495kg (MTPLM)
